## August Outing at Wind Creek State Park, Alexander City, AL

The summer heat was in full force and the afternoon and evening storms this past week-end did not dampen the spirits of those that attended our chapter outing at this beautiful park. It seemed like all the sites were just a few feet away from the waters of Lake Martin.

The food and friends are always a pleasure and we hope that in our future outings more can attend.

Our Hosts  
Fred & Linda  
Tomsett

This beautiful park has 265 sites and is abundant in wildlife. We saw Blue Herons, Woodpeckers and ducks. The section we stayed in was the premium section with full hook-ups and cable. Each site was a back-in and on the waters of Lake Martin. Our hosts Fred and Linda Tomsett chose a very serene and gorgeous campground.

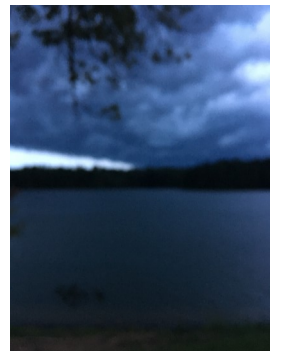

Everyone looks like they are having a great time!
